

Getting Started

- If frozen allow 2-3 days thawing in the refrigerator.
- Remove the country ham from the refrigerator 45 minutes before heating.
- Remove all packing from country ham including plastic film, and bone guard.
- Pre-heat oven to 350 °F.

Quick and Easy Method

1. Line roasting pan with large sheet of foil. (Makes clean up easier later)
2. Place country ham in roasting pan with flat surface down.

* Optional steps

*Pierce country ham with a paring knife parallel to the bone and insert cloves. I usually do about 5-7 places.

*Separate some spiral slices and place bay leaves in between. (5 to 7 places)

3. Tent foil around country ham.
4. Place in pre-heat (350°F) oven for 40 minutes.
5. After 40 minutes remove country ham from oven.
6. Pat brown sugar on to country ham and place back in oven on broil. This usually takes about 3-5 minutes for the brown sugar to caramelize.
7. Remove country ham from the oven and let cool for 10 minutes.

How to cut, slice and serve spiral sliced country ham.

1. Place country ham on cutting board with the meaty side up. Bone parallel of cutting board.
2. Insert a thin blade knife around the outside of the bone. while holding ham with carving fork.
3. Make a knife cut starting at the center of the bone to the outer edge of the country ham. I like to slice in the thinnest part of the meat. This should allow the country ham to separate from the bone.
4. Place on platter and serve.

Optional Holiday Ham Honey Glaze

- 1/4 cup whole cloves
 - 1/4 cup dark corn syrup
 - 2 cups of honey
 - 3/4 cup butter
1. Place ham in foil lined pan. pierce ham and insert cloves.
 2. Warm and then mix dark corn syrup, butter and honey. (I leave it in corning dish in the oven)
 3. Brush glaze over the country ham
 4. Baste again every 10-15 minutes for 1 hour.
 5. Turn on broiler to caramelize the glaze (4-5 minutes)

Thank you for purchasing a
Browning's Spiral Slice Half Country Ham.

Spiral Sliced Half Country Ham Serving Instructions

This Browning's Country Ham is ready to serve right from the packaging. If you choose to heat and serve it's even better.
